

# ANTEA VS

CONTROL YOUR VARIABLE-SPEED PUMP FROM YOUR SMARTPHONE

## SMART ANTENNA

Antea VS is an ultra-compact antenna that can be installed on compatible variable-speed pumps to integrate them into the Vigipool universe. Connect Antea VS to your pump and control it from a smartphone app!

## INTUITIVE APPLICATION

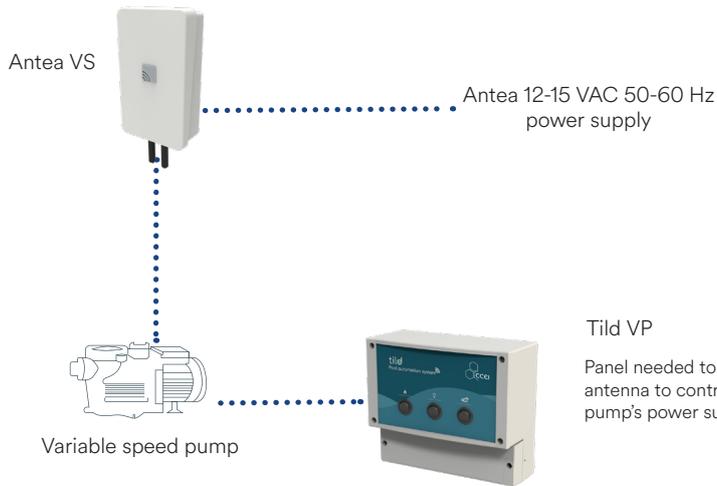

Configure and control your device remotely from the Vigipool application. Integrate your variable speed pump into a global application to control your technical room!

## INSTALLATION RAPIDE

Antea VS can be installed and configured in just a few seconds! Plug the antenna and connect it to your device in just a few clicks!

## ULTRA-SIMPLIFIED FITTING

Selecting the compatible pump

A screen appears during pairing

## COMMENT ÇA MARCHE ?

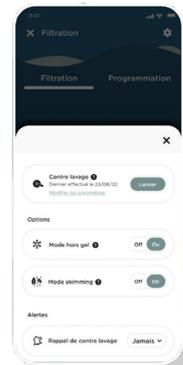

3 modes available :  
eco - normal - turbo

Antea VS intelligently and automatically controls the variable speed pump for optimised use and energy savings.

Antenna to be connected to compatible variable speed pumps (list of compatible pumps to be found on the website)

## VIGIPOOL: THE TECHNICAL ROOM IN YOUR PHONE

Vigipool is your new smartphone application that lets you keep your technical room in your pocket at all times. With this app, you can centralize your technical room equipment and control your home's Wifi-connected devices from anywhere in the world.

### AN UPGRADEABLE SOLUTION:

For an even more complete installation, add Vigipool-compatible devices to your technical room and view new functions such as Ofix VP (pH / ORP analyser), Phileo VP (pH control), Zelia VP (electrolyser), etc. in your application.

Reference	Model	Supply	Output type	Dimensions	Number of pilot-controlled speeds	Communication
PF10Y590	Antea VS	12-15 VAC 50-60 Hz	Dry contacts	115 x 70 x 30 mm	3 or 4 depending on pump	Wifi & Bluetooth®

Ne pas jeter sur la voie publique
