

MID BRIO

THE ULTRA-POWERFUL
COMPACT PROJECTOR

MID IS THE NEW BIG

With Mid-BRIO, discover a new generation of spotlights - more compact, more powerful and more diffusive! A real light well in the pool!

COMPACT BUT POWERFUL

Combining numerous technologies, the Mid-BRIO offers a power/lumen/size ratio unmatched in the pool market. Illuminate your pools with a spotlight measuring just 75 mm in diameter for 2400 lm of light.

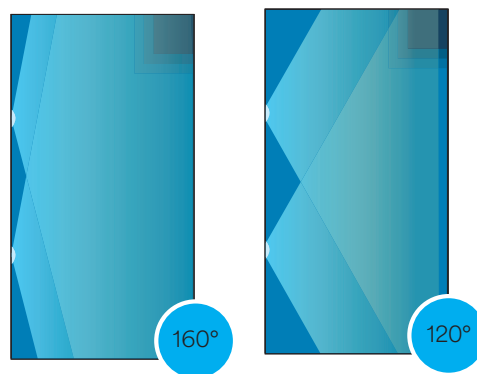

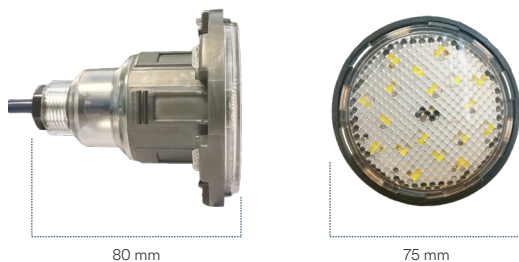

NO MORE SHADY AREAS

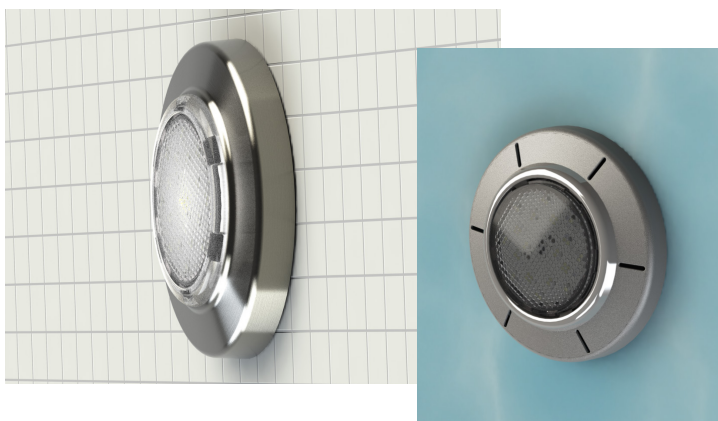

The Mid-BRIO's ingenious design offers a beam angle of up to 160°, where other spotlights diffuse light at 120°.

NO MORE DARK SPOTS IN THE POOL

Thanks to its ingenious design, the Mid-BRiO has an impressive light beam angle of up to 160°. Where other lights diffuse 120°, the Mid-BRiO illuminates more of the pool delivering high-performance lighting with hardly any unlit areas.

AN UNRIVALLED SIZE/POWER RATIO!

- ✓ With this new generation of floodlights, discover the missing link in pool lighting.
- ✓ Set your pool apart with lighting that's as discreet as a mini spotlight but as powerful as a standard spotlight

COMPATIBLE WITH ALL POOLS

Mid-BRiO is THE solution compact, innovative and modern for illuminating your swimming pools of the future. It screws into a standard 1.5" wall inlet regardless and is compatible with all pool coverings (one-piece, liner, concrete, etc.).

For a customised finish, the Mid-BRiO is available in a range of coloured bezels and an elegant stainless steel version.

Reference	Model	Supply	Power (W and lm)		Colour	Light angle	Installing
